

1st REGIONAL COURSE ON BODY CT/MRI

FORM FOR LECTURERS

title

B.Sc.

name and surname

Dean Pekarovič

title of the lecture

CT optimisation (workshop)

short CV

He worked as head radiographer in advanced modality (CT/MR) department for 10 years where he started with implementation of quality system. In last year he developed a comprehensive training program on technical quality for radiology residents and radiographers. He established and is now in charge of Centre for quality and safety of radiological equipment with a group of specially trained radiographer dosymetrist who are responsible for technical quality of all equipment in the University Medical Centre of Ljubljana. The team is working with Medical Physicist and Radiologist in different project and task to complete QA tasks. His research in last years is targeted to optimisation of radiological practices, especially in digital modalities. He is invited speaker in many workshops and national congresses talking about the importance of targeted training for radiographers in radiation protection.

Please send us a text (approximately 100 to 150 words) along with a photo (minimal dimension: 1200 x 800px).
